"Mark Twain said: 'Sing like no one's listening, love like you've never been hurt, dance like nobody's watching, and live like it's heaven on earth'. This philosophy epitomizes Tania de Jong!"

Professor John Seybolt,
Dean of Melbourne
Business School

Tania de Jong AM is the dynamic diva, business woman and entrepreneur who has launched a number of successful businesses (Music Theatre Australia and Pot-Pourri), started two charities (The Song Room and Creativity Australia) and has the voice of an angel.

Tania has performed and presented around the world. She was also ranked one of Victoria's top junior tennis players, went to America on a tennis scholarship and completed a Bachelor of Law with Honours.

Tania shares her stories and wisdom in a moving presentation. Starting with her grandmother's invention of the original folding umbrella, the narrow escape of her grandparents from Nazi-Europe, and the story of her parents' survival, she weaves a moving message of 'never say die'.

Told as a fourteen year old to never bother having singing lessons and on many subsequent occasions advised to give up on her dreams, Tania has experienced the highs and lows of life and business. She is now regarded as one of Australia's leading sopranos and most successful female entrepreneurs.

Tania’s presentation was the most engaging speaker we have had - never in my dreams did I believe I would have over 80 of my clients holding hands and singing all in tune!”

A great testament to the ability of Tania to not only get a critical message across but getting people to take immediate action. Leadership is about taking action - there’s no doubt Tania, that is what you delivered.

Great presentation, great fun and most important, a message that people won’t forget. Thanks again for ‘bringing to life’ creativity in leadership.

"Swinburne University was honoured that Tania agreed to speak to our graduates at two of our recent Graduation ceremonies. Tania was just terrific. She gave an inspiring Occasional Dress to the Graduates. Her speech was encouraging, uplifting, appropriately challenging, and of course, beautifully finished off with a song. Our Graduates were simply captivated. Well done Tania."

Bill Scales AO, Chancellor, Swinburne University of Technology

"I was the facilitator for the annual planning workshop for a consulting firm. Everybody was contributing, and all were involved in the discussions. Then Tania came in for her session with the team. She took them to a higher level; she got people in touch with deeper places inside themselves, and released the energy...something special was radiated within the room – it was joyous to see everyone finding their potential, being creative and expressing themselves in ways that they never would have imagined possible. It took them beyond their previous limitations."

Geoff Hopkins for Jo Fisher Recruitment

"Tania convinced us we had the vision and skills to run a successful project and believe in ourselves. I cannot speak highly enough of her energy, commitment, drive, enthusiasm and professionalism."
